PRESIDENT GUNSON: Good afternoon, Chiefs, Delegates, Alternates, Life Members, clergy and invited guests.

I call the 140th Convention of the New Jersey State Firemen's Association to order.

The exits are to my right and left and in the rear to your right and left. Should there be a need to use them, please take directions from the dais.

Please shut off all pagers, cell phones or place them on vibrate. Anyone who is hearing impaired can pick up a hearing device at the rear of the Hall.

Please rise for the Invocation led by Chaplain Dan Schafer and remain standing for the presentation of the colors and singing of the National Anthem.

Pennsauken Fire Department Honor Guard, please present the Colors.

Chaplain.

(Colors are presented by the Pennsauken Fire Department Honor Guard.)

CHAPLAIN SCHAFER: Almighty God, we pause to, first of all, thank You for this great country that we live in. We thank You for the Firefighters and their families that are present with us this day and for the sacrifice that they make.

We pray this afternoon for William McNulty, Executive Committeeman from Gloucester, that you administer to him, give strength and healing.

We pray for the First Responders in Houston, down through the South, Florida, Louisiana. Those that have responded, we thank You for them, watch over them, protect them and keep them.

And now we bring this to a point of business, a time of making sure that our state is well taken care of.

We pray this in Your holy name.

Amen.

PRESIDENT GUNSON: Pledge of Allegiance led by Vice President Robert Ordway.

(Pledge of Allegiance led by Vice President Ordway.)

PRESIDENT GUNSON: Pennsauken Honor Guard, please retire the colors.

(The Colors are retired.)

PRESIDENT GUNSON: Please be seated.

I'm sorry, National Anthem. My mistake, gentlemen.

("The Star Spangled Banner" is sung by Firefighter Glenn Roemmich.)

CONVENTION BODY: (Applause.)

PRESIDENT GUNSON: Be seated. Once again, apologize for that.

At this time, I'd like to announce that all nouns, pronouns in the masculine gender will be construed to include the female gender.

PRESIDENT GUNSON: It is my pleasure at this time to welcome and introduce our Lieutenant Governor of this great State of New Jersey, Kim Guadagno.

CONVENTION BODY: (Applause.)

LIEUTENANT GOVERNOR GUADAGNO: They have a box down here and they want me to stand on it. Who thinks I should stand on the box?

No. No. No.

This isn't about me today. This is about all of you, period. There will be no political speeches today, period.

CONVENTION BODY: (Applause.)

LIEUTENANT GOVERNOR GUADAGNO: Enough. Enough.

So, it is absolutely a pleasure to be back here.

I just want to say hello to all of you who have texted me in the last 365 days. Raise your hand. There's more. How fun is that?

This is absolutely – I've said it once, I will say it a thousand times, this is absolutely the most fun speech I have had to make every year for the last three years in the entire eight years I have been doing this. So, thank you for being who you are.

CONVENTION BODY: (Applause.)

LIEUTENANT GOVERNOR GUADAGNO: Congratulations on the groundbreaking, Mr. Gunson. Thank you, very much for inviting me. It was my honor to be there just last week.

I'm happy to be back here with all of you, all of you who give more to your communities than we could ever, ever repay.

I'm going to call one person out – okay, I'm going to call a lot of you out because you all asked for a shoutout.

But right now I think it's appropriate that we call out someone who has been a Volunteer Firefighter for 70 years.

CONVENTION BODY: (Applause.)

LIEUTENANT GOVERNOR GUADAGNO: A World War II Veteran. He served his country and he continues to serve as a Volunteer right now.

Theodore, if you stand up, I'm going to be very upset. But Theodore Lincoln Luciani from Denville, right over there in the red jacket.

CONVENTION BODY: (Standing ovation.)

LIEUTENANT GOVERNOR GUADAGNO: The challenge he presents for all of you and for all of us is that you make it to 70 years of volunteering also.

So, congratulations and thank you for introducing him to me today.

What you do every day is selfless. What you do every day saves lives.

And I want to just use one example. Now, I know he's a first aider. But, forgive me, the point is really he's a Volunteer who saves lives. When he was 15 years old – I don't even know if he's in the house right now. When he was 15 years old, he was outside of his home shoveling snow. He had a heart attack.

They called 911 and our Volunteers answered the call, saved his life with an AED. And at age 22, he's a Lieutenant in his Volunteer First Aid Squad.

That's what you do every day. You save lives and we need to come here and applaud you for that.

CONVENTION BODY: (Applause.)

LIEUTENANT GOVERNOR GUADAGNO: Applaud yourself.

CONVENTION BODY: (Applause.)

LIEUTENANT GOVERNOR GUADAGNO: You have been doing it for 132 years, whether it was from a bell or a siren, a beeper or an iPhone. You have picked up and left the dinner table, the birthdays, the Christmas, the holiday parties, you haven't thought twice about answering the call.

But I also would be remiss if I didn't talk about the people who were sitting around the table or attending those events that they so well planned when you picked up and left the cold food sitting on the table.

So, please, give a round of applause to all of your family members and your community people who have supported you in your endeavor, all of you.

CONVENTION BODY: (Applause.)

LIEUTENANT GOVERNOR GUADAGNO: And I'm so proud to be here today to talk a little bit about what you do every day.

And the interesting part about this Convention is you remember. You know, the day in and the day out things that happen sometimes overwhelm you and you forget how important what you do is.

And this Convention is designed to help you remember what you do and how valuable it is. Whether you are Career or Volunteer, what you do every day is absolutely priceless.

You remember by doing things like the Cinnaminson 100th anniversary, which I attended in April of this year. Cinnaminson in the house? That's the time where you are supposed to clap.

Sea Girt 717, you in the house? Oh, way over there, there's one. You can clap.

Roxbury, we walked in your parade. I know you are in the house. If not, pretend they are.

The Blessing of the Fire Trucks just last weekend in Bordentown. Or how about the N.J.F.M.B.A.'s Fallen Heroes Run in Wall? Congratulations to Ed Donnelly for never forgetting. For never forgetting our Fallen Heroes no matter where they are from, either here as First Responders or overseas.

And I would be remiss if I didn't talk for a minute about 9/11. You know, you all went, you got in your uniforms and you remembered where you were that day. Sixteen years later, let's never forget that day.

So, let me tell you what I talked about each of the three times I went to a 9/11 event this past week. I didn't talk as much as I probably should have about who died. And I didn't talk about as much as I should have about who helped people by running into the burning buildings and lost their lives and paid the ultimate price.

What I talked about is what happened in the days and the weeks after 9/11. You know, today in this toxic atmosphere, I wanted to remember for just one minute what it was like to see an American flag outside of everyone's home. What it was like to see people stand up and cheer for all of you who had a pack on their back and a uniform on who were going to the pile or who had been at the pile. I wanted to remember what it was like to see what more we had in common than what we had that divided us.

And that's what I want you to remember today. Because in my heart, and I'm sure in your hearts, it was a very good feeling. And let us try, try in what I call silly season to remember that over the next couple of weeks. That's my pledge to you.

It was not an easier time. It was a murderous time. But in many ways it was a simpler time. That's when we understood that we needed to respect and honor our flag and our First Responders.

So, let's try to recapture that today, not last night, today and for the rest of the Convention and tomorrow.

Being a Volunteer and a Career Firefighter is pretty special. Kids grow up and they say, girls and boys now, because I saw pink and red hats at every fair, they want to be Firefighters. And they want to be Firefighters because, quite frankly, what you do is pretty cool. You run towards fires and you help your community and people you don't even know, whether it's an actual fire or an emergency. People want to be you. This Convention is about reminding yourselves about how important your jobs are.

Now, I see a lot of texts from all of you. And I try to get back to them as much as possible. I don't know whether you heard, but I hand out my cell phone number.

Who in this room has my cell phone number? Raise again.

So, the deal is now, if anybody does not have my cell phone number, turn to the person who has it and give him \$5 for the Volunteer Fire Department. Right.

It's the same number. Somebody has it. Here we go. None of you believe it that's why I had to go out and get it. It is on, I'm going to give it to you in just a minute.

But I wanted to say a few last words. Over the last three years – all right, you guys, who's cheating? I'm turning you off for a minute.

For the last three years, you guys have given me hope. You have given me a reason to get up in the morning and to celebrate how cool we are as New Jerseyans.

It's been a full three years. So, at a time when you needed me – I'm sorry. Let's back up.

You answered the call when your friends and family and communities needed you. So, I thought it was appropriate that I answer the call and give out my cell phone number.

And I had a lot of funny texts. Last year we had Mr. Perry stand up – are you still here, Mr. Perry? Because I will accept that offer of marriage now. My husband has had enough of me.

And the I love yous, I can't tell you how much fun that has been with my husband. How many people in this room has asked to buy me a beer in the last couple of days? As recently as last night, Stop by, I'll buy you a beer. All of you can appreciate why I will turn this phone off at about eleven o'clock tonight I'm sure.

And I have – I owe a lot of people some shoutouts and try to keep my promises. So, Linda from Woodbridge to Wall to Montague to Denville to Pompton Lakes to Jamesburg. To Ron in Tinton Falls. Ron in Tinton Falls at the Count Basie. Where are you? Speak up. Yell, Ron, yell.

To Cumberland County, John Tenant. To Assistant Chief Pete Ward at the Harmony Fire Company in Warren County. I have a lottery ticket, I'm going to win. They all know what that means. It cost me a lot of money.

So, this morning, River Edge, Nick Zorio, I already saw you. Long Branch, Kevin Stout and Joe Velocci, you are in the room here somewhere. Velocci is here, I know, he texted me on the way in.

But, you know, not all texts, not all texts are the same. There are people in this room who have called and asked for help. And there's nothing more fun than answering the phone from a Firefighter and having him say, Homina Homina, I never thought you'd answer your own phone. I was, like, really. Is this the Lieutenant Governor? This is New Jersey. You don't hand out your cell phone number if you don't expect to answer it yourself.

So, this is what we have done. And this is why you need to pay \$5 to the guy who has my cell phone number already. Because we have resolved disability claims for Firefighters.

We had another EZ-Pass problem. You know, two years ago Eagleswood couldn't get through the tolls, they got fined. Well, guess what? You know, I always say – there you go, he fixed that. The unfortunate part is it happened again this year.

So, I always try to remind you when I hand out my cell phone number, there's only one agency I cannot get on the phone and it would be EZ-Pass. They don't listen very well.

MVC; we registered your fire truck, Chief Salzmann from North Brunswick No. 2 is in the house. Too many problems with MG plates. The Treasurer, a tax ID problem with Haledon Fire Company No. 1, we were able to fix.

And here's the hardest one, and I tell you this so you use the cell phone. You know, I would prefer to think government functioned well, but we all know better. I can't fix everything, but every now and then it works.

Someone called, and I'm not going to name them, they know who they are. 101.5, where I do this, pretty cool actually, call-in show called "Digging in With Kim." But this was the conversation: We are a Volunteer Fire Company, we have a Volunteer who is a Vet. And he can no longer keep a roof over his head. He has no money in his pocket. The Fire Company has been holding him safe in the Firehouse for months, but he needs help.

And he called me on that cell phone and we were able to get that Firefighter help. And now a man who served his country as a Veteran and also as a Firefighter is getting the help he needed because one of you reached out.

And what I'd like you to do is give that man, and he knows who he is, a round of applause. He saved a life.

CONVENTION BODY: (Applause.)

LIEUTENANT GOVERNOR GUADAGNO: So, I'm just going to say keep it up. At the very least, you will have someone who will answer the phone. You may not always get a yes, some of you know that already, but at least I will answer the phone.

And I will continue to answer the phone, if it is meant to be after January 18th. And I will not change my cell phone number after that date if I'm needed.

So, I know there's a lot of unanswered questions so far. We need to figure out this recruiting problem, we need to figure out LOSAP, we need to figure out the most bizarre civil service rules that exist. Which is, as you know, a Career Firefighter quits or retires and he cannot go volunteer for six months. That is probably one of the most dysfunctional rules in state government and there are a lot of dysfunctional rules.

CONVENTION BODY: (Applause.)

LIEUTENANT GOVERNOR GUADAGNO: And, finally, we need someone, someone to be in charge of the Fire Service. Do we have to have an acting director? Just sign a piece of paper and get it done so they have and you have someone to yell at. And that was for Kevin Stout. Are you in the house, Kev?

So, I'm going to end the same way I always do. Dave Stickle from the Monmouth Beach Fire Company, are you in the house? There he is. Stand up.

Dave is a very close, personal friend of mine. You need to verify the following, my cell phone number – okay, I'll have to replace the five bucks for handing out my cell phone number.

I'm going to end the same way I always do. Dave is calling me. I'm going to give him the cell phone number. It's 609-575-8111. Shout out yes if that's accurate.

There it is. I'm going to get a lot all day because there's still a lot of nay sayers in the house; Barnegat, New Brunswick, Vineland, Hackensack. Really?

So, I'm going to end. I know I have taken too long, but that's because I bet that this whole proceeding would only be an hour and I want to lose the bet.

Who did that, Wanaque? Wanaque.

So, I'm going to end with this, thank you for everything that you do. God bless you. But God bless your families, too, because they are the ones who suffer the most while you all are living the dream.

I thank you for everything. And one last political thing, one last, remember in November.

Thanks guys.

CONVENTION BODY: (Standing ovation.)

PRESIDENT GUNSON: Lieutenant Governor, thank you, very much.

And I vouch, she does answer her phone. The Lieutenant Governor will assist us in anything.

Thank you, once again.

At this time, I'd like to welcome our good friend from the Wildwoods, Mayor Ernie Troiano, Jr.

Mayor.

MAYOR TROIANO: Thank you, Mr. President, Executive Committeemen, fellow brother Firefighters and sisters. Thank you.

On behalf of all the mayors, City of Wildwood, Wildwood Crest, North Wildwood, West Wildwood, we welcome you, and we thank you for your dedication, not only to the service, but to your communities. The fact that you run in when everybody else is running away speaks volumes.

We thank you. We wish you nothing but a successful Convention.

And I'd like to make a special introduction. As a member of the Convention Committee from 1975, we get requests from different organizations when we put out requests for people attending the Convention.

This year we received a request that sort of rang a strange bell with us. So we decided to answer it and they actually – this group actually decided to come to our Convention because they were told that this was the Convention to come to. The New Jersey State Firefighters Convention.

And I want you to give them a warm American welcome. These gentleman and ladies are all the way from Bergheim, Germany. Stand up guys.

CONVENTION BODY: (Standing ovation.)

MAYOR TROIANO: If you have the opportunity, stop and talk to them. You will really enjoy it.

Their fighting technologies and ours are very similar, but very different.

Again, we wish you, everyone a great, great vacation here in the Wildwoods.

Also, last year there was a little situation that happened. And I didn't get a chance to finish what I wanted to say.

So, for those individuals who think what they think, if by chance you happen to wake up in the morning and find the head of a horse in your bed, I know nothing about it.

CONVENTION BODY: (Applause.)

PRESIDENT GUNSON: Mayor, thank you.

At this time, we welcome the Chief from the Wildwood Fire Department, Cape May, Executive Committeeman, Chief Dan Spiegel.

CHIEF SPEIGEL: First, I just want to say that's why I like working for the City of Wildwood.

As Chief of the City of Wildwood Fire Department and also the County Executive Committeeman, it's an honor and a privilege to welcome our state's Firefighters, their families and our guests to the 140th Annual New Jersey State Firemen's Convention.

Over the past year, across our country and also in the state, we've witnessed what stress, both on the job and off the job, can do to our Members. The images we see on incidents that we respond to affect us all differently.

It's important for both Chief and Company level officers to monitor their Members and act appropriately in their best interests. The single most important resource we have is our personnel and we must maintain their health, physically and mentally.

I continue to advocate for our younger Firefighters to become more involved in this Association locally and at the state levels. This Association can have the most direct impact in helping our Firefighters in several ways.

Departments continuously have to look at ways to ensure the mental health for our Firefighters. We see the bad in the world responding daily to emergencies. We need to look at the ways to show the good that we do day in and day out.

One thing the City of Wildwood Fire Department did this year was begin a summer camp cadet program for children 10 to 17 years of age showing them various duties of Firefighters.

We made an exception to the age requirement when we learned of a local boy who is suffering from a genetic mutation which was causing him to go blind. With this condition, this dream of his obviously will never be the case.

After we allowed him to go through the program, we concluded with the graduation ceremony, where four-year old Jackson Mitchell from Wildwood Crest was also sworn in as the City of Wildwoods Honorary Fire Chief. He's also going to be the Grand Marshall tomorrow during the parade which begins at 2 p.m.

With that being said, I have the privilege, beginning last year, of welcoming everyone to the Convention, as Chief. I also wanted the Honorary Fire Chief Jackson Mitchell to assist me in welcoming you to this year's Convention.

Jackson, think you can come on up?

CONVENTION BODY: (Standing ovation.)

CHIEF SPEIGEL: Jackson is a little shy, but he says thank you and welcome to the City of Wildwood.

I got one more: In closing, I just want to say, if there's anything I can do to assist you or your Department in any way, feel free to contact me at Fire Headquarters.

And God bless you. God bless our military and God bless America.

Thank you.

PRESIDENT GUNSON: Chief, before you leave, we would like to present you with the best appearing trophy for tomorrow's parade.

At this time, I would like to introduce guests that are here with us today.

First off, President Emeritus Ernest J. Greenwald, Sr. This past July Ernie reached a milestone with the N.J.S.F.A. Ernie has served this great Association for over 50 years as Executive Committeeman, Vice President, President and currently President Emeritus.

CONVENTION BODY: (Applause.)

PRESIDENT GUNSON: At this time, I'd ask you to wave to the men up at the Firemen's Home. There you go gentlemen. Guys, thank you.

At this time, it's my pleasure to welcome John Siciliano, Executive Director of the Wildwood Convention Center.

John.

MR. SICILIANO: Good afternoon, everyone. I'll be very brief.

On behalf of the Wildwood Convention Center, the New Jersey Sports and Exposition Authority and the Wildwood Tourism Authority, it's my pleasure to welcome you and our pleasure to host this Convention. 2017 is the 43rd consecutive year that the New Jersey State Firefighters have been meeting in the Wildwoods.

And I will tell you, we are extremely happy and very proud to be such a large part of the history of your organization.

And, you know, you've heard it over and over again, we respect what it is that you do every single day for your communities, for your state.

And I just want you to know that we are committed here to continue to provide whatever your needs are to make this Convention the best Convention that it can be and hopefully for, many, many years to come.

So, again, welcome.

And I just want to take one minute here, if I could, and ask President Gunson. On behalf of the Wildwood Convention Center, Frank, we would like to present you with this plaque. Congratulations on completion of a successful year as President. And you are not only President of the Firemen, but you are a friend of the Wildwoods, too.

So, thank you.

PRESIDENT GUNSON: Thank you, very much.

MR. SICILIANO: Again, everybody, thank you.

Most importantly there will be fireworks tonight at nine o'clock.

And have a great Convention, have a great parade and a safe trip home. Thank you.

CONVENTION BODY: (Applause.)

PRESIDENT GUNSON: John, thank you.

At this time, I will call up the President of the New Jersey State Fire Chiefs Association, William Newberry.

MR. NEWBERRY: Thank you, Mr. President.

Delegates and Life Members, greetings from New Jersey State Fire Chiefs Association.

Our association is comprised of over 900 Fire Chiefs both active and retired throughout the state of New Jersey.

Membership is open to Volunteer and Career Fire Officers throughout the state.

More information about our Association can be obtained by visiting our website NJchiefs.com or stopping by the table outside the Convention Center.

On behalf of the Association, I wish you a productive convention and a safe trip home.

Thank you, and God bless America.

CONVENTION BODY: (Applause.)

PRESIDENT GUNSON: Thanks, Bill.

At this time, Ed Donnelly, President of the F.M.B.A. could not be with us today. With us from the F.M.B.A. is Vice President Richard J. Mikutsky.

MR. MIKUTSKY: Good afternoon.

First, I want to thank President Gunson for the invite. I think it's my fourth or fifth year. I guess haven't pissed anybody off yet.

I want to start by telling you that the relationship between the N.J.F.M.B.A. and the N.J.S.F.A. continues to be strong, we have a great open line of communication and we continue to work on that every day. And we thank you for that.

I'd like to talk just for maybe the next hour or so about a thing called – all right, maybe two minutes – about a thing called brotherhood. I witnessed an event this past Monday which had nothing to do with 9/11 that really made me question brotherhood in the Fire Service.

I have always professed that I knew what brotherhood was. There are many great Firefighters who exemplify brotherhood. And when I say brotherhood or brother, it's a gender neutral.

But there are many Firefighters who exemplify brotherhood and many others who think that merely putting on a t-shirt, putting a sticker in the back of your window or becoming a member of the union exemplifies that. But it doesn't.

Some here today, I'm sure, have even been accused of not knowing what brotherhood is. But they're generally accused by those who have no idea what it is either, where it starts or how to get it.

So, what is brotherhood amongst Firefighters? What is it? To me it's many things. But in reality, it's only one.

If you were to take your every day Firefighter, strip them of their badge, strip them of their turnout gear, strip them of their skin, strip them of their organs, there would be one thing inside them. There would be that little fire that continues to burn.

That fire can't be extinguished like others, it can't be contained and it cannot be taken away. It is what makes you a Firefighter. If not for any reason, you should never let personal feelings hamper a decision to help another Firefighter or their family.

I was talking to some guys the other day, a couple of shifts ago, in my Firehouse, some young guys. And I tried to explain to them that, you know, there are guys in this Firehouse, there are people in your lives, more likely in that Firehouse who, you call them any time of day or night with any situation, any problem, and they are going to drop whatever they do to get there to be there for you. That is brotherhood. Taking care of you, taking care of your family.

It's what we all do, we take care of everybody else's family when we go on emergencies. But to take care of each other and to take care of each other's family, that is what brotherhood is about.

Brotherhood is understanding that between differences of opinions, arguments, hurt feelings, you are still going to be there for each other. That is the most important thing that we do for ourselves. We need to take care of each other. Take care of ourselves because nobody else is going to do it.

Today's day and age, brotherhood is encompassed by all sexes, creeds and colors. In this day and age, in many places, we have gone from heroes to zeros in the years as we further remove ourselves from 9/11 and it's sad.

But now is the time when we need it the most. We need to continue to light the fire of our new Firefighters. Make them understand what it's about. And make sure that fire continues to burn in our Veteran Firefighters.

Look around. It doesn't matter what Department you are from, whether you are Career or whether you are Volunteer, you can come up with many examples of Firefighters who just don't get it.

I implore you, don't give up on them. Work with them, help them, make them understand what the brotherhood is about. Make them understand what that fire is burning inside them. If they don't have it burning, have them light that fire. Work with those who need it. If you truly have that fire burning inside you, it is your duty to keep the brotherhood alive.

Stay safe, enjoy the Convention.

CONVENTION BODY: (Applause.)

PRESIDENT GUNSON: Thanks, Rich, good words.

At this time, President of the New Jersey State Exempt Association, Glenn D. Roemmich.

MR. ROEMMICH: Good afternoon, Officers, Delegates, Alternates, Life Members and guests.

I bring you greetings from the Members of the New Jersey State Exempt Firemen's Association. Our Members hope you have a productive and enjoyable Convention.

The New Jersey State Exempt Firemen's Association is experiencing the same problem that all Fire Organizations are facing. We need to find ways to get younger Members interested in and taking an active part in our organization.

If you are interested in our organization and your municipality does not have an Exempt Association and you are interested in forming one, please see any Member of our Executive Committee, our Officers, or stop by the table out front for information. You can also get information from our website www.NJSEFA.org.

Last year I talked about our scholarship program. Changes have been made to that application and eligibility for the scholarship.

This year I am happy to report that the Exempt Association awarded three scholarships to family members of Firefighters to continue their education.

The Exempt Convention in 2018 will be held in Cape May on Saturday, May 5th. Information for the convention will be sent to your Local Association soon. All are welcome to attend.

Have a safe and enjoyable time here in Wildwood. Please keep our brothers and sisters in Texas and Florida in your thoughts and prayers as they continue to recover from Hurricanes Harvey and Irma.

May God bless you. All the Emergency Responders and members of the Military, thank you.

And God bless America.

CONVENTION BODY: (Applause.)

PRESIDENT GUNSON: Thanks, Glenn.

At this time, President of the New Jersey Volunteer Fire Chiefs Association, Richard J. Kosmoski.

MR. KOSMOSKI: Reverend clergy, members of the Executive Board, invited guests, Delegates and Life Members, on behalf of the New Jersey Volunteer Fire Chiefs Association, I bring you greetings and best wishes for a successful Convention.

In the past few weeks, we have witnessed massive destruction and devastation throughout our country with the hurricanes in the South and the enormous wild land fires in California. Our brothers and sisters have been tasked to the limit.

When incidents of this magnitude strike our country, who are the first to arrive on scene? You are, our Firefighters. Doesn't matter the nature of the incident. When people are in need of help, it is the Fire Service who is called to provide this help which comes in many forms.

So, that being said, I want to recognize our Fire Chiefs and their Company Officers and personally thank you for your dedication and leadership that you provide the Fire Service in New Jersey.

An enormous amount of gratitude goes out to those who wear the black helmets. You are the ones who form the backbone of the Fire Service. You are the ones who get down and dirty and perform the back-breaking tasks. And you should get all the accolades and respect that you truly deserve. Without your dedication and hard work, we in the Fire Service would not be able to accomplish half of what we do.

In closing, I want to thank President Gunson for allowing me the time to speak to you this afternoon.

And please remember to stay safe out there and that everyone goes home after every call.

May God bless the Fire Service. May God bless America

CONVENTION BODY: (Applause.)

PRESIDENT GUNSON: Thanks, Rich.

At this time, I'm going to call Tom Campbell, Director of Marketing, Deborah Heart and Lung.

Tom has been with the N.J.S.F.A. and working with us for over 22 years.

Over this time, Deborah has helped many of our families and friends and Firefighters.

He has announced that he will be retiring January 25th, 2018, but he assures us he will be here next year. He is going to stay on part-time.

Tom.

MR. CAMPBELL: Good afternoon, everyone.

It is a great honor and pleasure to be here again, 22nd year, as Frank said. I appreciate the support of Frank and Rob and the entire executive group for the partnership that continues.

What I'm most proud of all that time is that it's all been about helping the Firefighters, saving hundreds and hundreds of lives. Thousands and thousands of Firefighters who have come to Deborah and received our care.

And throughout all that time, throughout all those hundreds and thousands of Firefighters and family members, I'm most proud that not one single person has ever received a bill from Deborah. No one has paid a single penny for the great care that they have gotten. And that continues to be Deborah's founding philosophy and very proud that it does continue.

So, thank you all for that long-standing relationship that we have had.

I always tell you a couple of new things that are going on at Deborah. This year I'm going to revisit a couple of things I talked to you about before because we have a couple of new developments. One is called the transcatheter aortic valve replacement, TAVR.

If you've had a bad aortic valve in the past, your quality of life dips pretty quickly. And if you can't tolerate open heart surgery, there was nothing that could be done.

Now, through technology, and Deborah has been able to be part of this, they are able to implant a new aortic valve without surgery up through the groin, into your heart, pop the valve in place.

The new development is the government has lowered the risk of people to moderate now. So, it used to be severe, now it's moderate.

So, if you know somebody who has a bad valve, aortic valve, can't tolerate surgery, please let them know we do have some options for them now, transcatheter aortic valve replacement.

At Deborah we have done almost 200 of these valve replacement now without surgery.

The other thing I mentioned before in the past is the watchman procedure. It is a little device that's inserted into your heart. It's for people who have AFib and are on Coumadin or Warfarin. When I mentioned it the first time, we had just started the procedure.

Now, we have done probably 60 or 70 implants of this device. And the new development is that every person who has gotten this device has been able to come off of their blood thinners, their Warfarin, their Coumadin. A great development, there.

So, if you have AFib and you take a blood thinner, I have a flyer, back in the Health Care, tomorrow we can give you. You may be able to qualify for this implant that is done without surgery, that is with a little catheter in your groin. You may be able to come off your blood thinners.

Finally, I always emphasize and encourage everyone here to come to Captain Buscio's Screening Program. We saw a lot of Firefighters this past year at Deborah who said, you know, I heard you year after year after year and I finally decided to come.

You know, the program is 15 years old now. And there are still many of you who have not made that call. Two facilities up North, in Secaucus and the airport at Newark; and, of course, Deborah. So I encourage you, please, make the call if you have been postponing it all these years.

It's all about you, keeping you healthy, keeping you around for your family. The gift of Captain Buscio has saved a lot of lives and has gotten a lot of people on track with their health, specifically their cardiovascular health.

So, again, it's a great pleasure to be with you. Thank you, again.

We will be in our screening room tomorrow morning. We will be doing some blood sugar, as well as blood pressure pulmonary tests. So, please stop in and see us.

Have a great Convention.

Thank you, again.

CONVENTION BODY: (Applause.)

PRESIDENT GUNSON: Thanks, Tom.

At this time, our guest speaker from the National Fallen Firefighters Association Board of Directors, Seth Statler.

MR. STATLER: Thank you, President Gunson, and thanks to all of you for giving the Members of the Maryland Fire Service a warm welcome.

I'm pleased to be in town with some of my brothers from the College Park Fire Department. We look forward to having our new truck in the parade tomorrow.

But the reason I'm here is a very important one. I have the great honor of serving as a Board Member, as the Treasurer and the Scholarship Chairman of the National Fallen Firefighters Foundation.

And on behalf of our entire Board, on behalf of our Chairman, Denny Compton, our Executive Director, Chief Jon Siarnicki, I want to say thank you to all of you. Thank you for the support we are getting from you this weekend. Thank you for the support that we have gotten from you over the last 25 years.

The contributions that you give us, whether it be your time or your money or your good ideas, help us with our mission to honor Line of Duty deaths, to take care of the families who have lost loved ones and to promote Firefighter health and safety, which remains critical today, especially with all of the new information coming in about Firefighter cancers.

To give you some examples as to how your money helps us help folks in New Jersey, I want to mention that out of the 78 scholarships that we just gave out for this school year, eight were awarded to New Jersey students. A total of 55 scholarships have been awarded since the foundation started 25 years ago.

And we have now given out over \$3 million in scholarship funds through the years.

In October on Sunday the 8th, we will honor seven Firefighters from New Jersey. Five of them are brothers that were lost during 2016 and two are folks we are honoring from previous years.

I would just like to read those names and I would ask that we all keep these folks and their families in our thoughts and prayers throughout this special weekend.

The seven being honored on October 8th are:

Joseph J. Bichler from the Evesham Fire Rescue;

Steven Anthony Chervenyak, Jr., who died in 1988, but will be honored this year from the East Whitehouse Fire Company;

Louis Kelly from the Union County Fire Office of Emergency Management;

Daniel Patrick Mc Cann, III from the Manasquan Hook and Ladder Company No. 1;

Paul F. Price, Sr. from the Audubon Fire Department;

Scott R. Rogow, who perished in 2012 from the Paterson Fire Department; and

Richard Zadorozny from the Eatontown Fire Department Engine Truck and Hose Company No. 1.

Please keep all of these great heroes in your thoughts and prayers.

And I look forward to meeting many of you as the weekend continues.

Again, many thanks for the opportunity to be here.

CONVENTION BODY: (Applause.)

PRESIDENT GUNSON: Seth, thank you, very much.

Report of the Credential Committee, Charles Wright.

CONVENTION BODY: (Applause.)

MR. WRIGHT: Thanks, guys.

It humbles me to have all that support.

It was an interesting morning. There were cards that were lost, cards that were damaged. And most of the – a lot of the cards that came out were old cards. I mean, so old these computers couldn't do anything with them.

So, if you got an old card, give it to your secretary and have him send down to the Office and get new ones.

And all those that we found will be replaced this year.

And you get your cards next June and the cards go to your secretary. If you don't know your secretary, you better find out. Okay?

All right, this is the report of the Credential Committee 2017:

For Friday, September 15th:

Life Members: 4,554. 4,5,5,4.

Delegates: 2,301. 2,3,0,1.

Alternates: 103. That's 1,0,3.

For a total of 6,958.

I don't think I have to repeat that. You probably all got it. I'm sure that you did.

I would just like to add one thing before I say thank you, very much for this: Kim is my girl and I'm going to support her.

Charles F. Wright, Chairman Credentials Committee. Thank you.

CONVENTION BODY: (Applause.)

PRESIDENT GUNSON: Thank you.

At this time, Reading of the Minutes of the last Convention 2016.

Microphone five.

MR. WILL: Mr. President, my name is Bill Will, Life Member of the Township of Hamilton, Atlantic County.

I'd like to make a motion the transcript of 2016 Convention in the Red Book, which I have a copy in my hand, be accepted by the Convention without reading. Here it is.

PRESIDENT GUNSON: Motion made by Bill Will.

Any seconds?

CONVENTION BODY: (Many seconds.)

PRESIDENT GUNSON: Many seconds.

All those in favor?

CONVENTION BODY: (Chorus of ayes.)

PRESIDENT GUNSON: Opposed?

Ayes have it.

Thank you, very much.

Communications; Kevin, you got any?

No communications.

PRESIDENT GUNSON: Okay. At this time, I will go into my remarks.

Good afternoon, Chiefs, Delegates, Alternates, Life Members and guests.

I'd like to thank your local Officers and your Executive Committeemen for getting your reports in on time. With the change in procedures, we have reduced the non-seating at Convention this year down to three.

I'm pleased to report that this year we are down to only three Associations not being seated. This was a result of our changes.

The current Officers continue to move the Association forward in a positive manner.

I worked both as Vice President and since becoming President with our attorneys to preserve the privacy rights of our Members in the OPRA case. The individual sought copies of relief applications and checks.

On August 3rd, the Supreme Court ruled in favor of the N.J.S.F.A. in the matter of the obligation to provide relief applications under the Open Public Record Act in our favor.

I'd like to thank the attorneys from Parker McKay, Frank B. Cavallo, Stacy L. Moore, who I worked closely on preparing the briefs, and John C. Gillespie and George Morris who argued the case before the Supreme Court.

For the fiscal year ending June 30th, 2017, we had 834 Burial Claims that amounted to \$9,520,517.

For the fiscal year 2018, as of September 7th we have had 193 Burial Claims totalling \$2,202,952.

Just as a reminder, I spoke lengthly at the caucuses and various meetings, should anyone get injured at a drill or on a call, please make sure all the details of the incident get documented in the report no matter how insignificant they may seem at that time.

As of September 7th, the Advisory Committee has approved 35 health care applications and has paid out over \$63,000.

One hundred special relief applicants have been approved for \$218,732 and 75 supplementals for a total of \$406,717.

As a reminder, for relief to be paid, need must be demonstrated and fully documented.

A guidance document is being developed. And once it is approved at the November Executive Committee meeting, it will be forwarded to all locals and also become part of the application to assist the applicant in filling out the relief applications.

In accordance with our new policy, this year at the field examinations, we are collecting the relief applications and reviewing them and returning them to your Executive Committeeman with comments.

May 1st, the N.J.S.F.A. wired \$8,348,900 to the Firemen's Home. We also wired on the 15th over \$15 million to the local Associations.

Fifteen Associations that were on fiscal year with the I.R.S. are now on a calendar year. Two or more Associations were found and we are working on getting that changed.

We have had several meetings with the Firemen's Home committee that is looking into adding a dementia unit at the Boonton Home. Both of our Associations are working together to serve the needs of all of our Members.

The Board of Managers invited us to take part of a feasibility study for the proposed memory care unit at Boonton. We are working together.

Little side note, we have had meetings with them. We have had locals in our office, spoke with myself and the Vice President on some issues where could they take other people. They have agreed to look at more than just the dementia unit and I applaud them for it.

Our website has been updated in several areas. The Red Book, along with the statutes, Compendium and by-laws are now on our site.

At the July Executive Board meeting and responses from the Associations that we received, only one copy of the Red Book will be forwarded as there will be access through the website.

Update on our headquarters: Request for proposal were sent out for architect services, construction manager and contractor. The following were awarded: FVHD out of Trenton, New Jersey, architects, \$289,750.

Legacy Construction Management for a total of – out of Brick – \$251,800.

And contractor Woodward Construction out of Matawan, New Jersey, \$4,948,182.

Construction: Final paperwork has been submitted to the township, permits were issued for footings and foundation this past week.

As reported at all caucuses, the problem with the voting machines have been addressed. We are confident we have worked through every one of these issues with Election Graphics and with the manufacturer of the machines. We have done additional testing and everything has gone well.

We will have an additional four voting machines at Convention to bring us to a total of ten tomorrow. The machines will be positioned differently to allow a better flow. There will be six along the front wall before the doors, four on the right wall. We ask that you mark them. There are samples hanging out there. No circles, no lines. There will be marking pens. Fill in the circle. And when you put it in the machine, don't force it. The machine will pick it up and it should go good.

Should we encounter problems, which we do not anticipate, Judge of Elections will make the determination if locked containers will be used to allow individuals to place their ballots in if they choose not to wait in line.

The ballots placed in these containers, will be processed into the voting machines by the Judge of Election and witnessed by the challengers for each candidate.

At this time, thank you. May God bless America.

CONVENTION BODY: (Applause.)

PRESIDENT GUNSON: At this time, I'll ask Secretary Finnegan to come up and read the names who filed petitions.

SECRETARY FINNEGAN: Candidates for office who filed their petitions by June 1, 2017. And I will announce them in the order that they will appear on the ballot.

For President: Richard Vander Berg; Frank B. Gunson, III; and George H. Heflich, Sr.

For Vice President: Gary J. Bonacci; Robert F. Ordway.

Treasurer: Barry J. Osborn.

Secretary: Kevin B. Finnegan.

First Assistant Secretary: Jacob J. Genovay.

Second Assistant Secretary: Brian E. Martone and Thomas J. Pelaia.

PRESIDENT GUNSON: Thank you, Kevin.

At this time, we will hear from each candidate running for election or re-election.

George H. Heflich, Sr. for President

Guys, give him the courtesy to speak, please.

PAST PRESIDENT HEFLICH: Good afternoon, Delegates, Life Members, clergy and guests.

My name is George H. Heflich, Sr. And I again ask for your support so I may continue the work that we have been doing for the nine years when I was your President.

During my previous time, with the help of the Officers and the Executive Committeemen, we raised the death benefit from \$8,600 to \$11,500.

In 2010, we lowered the percentage you need to qualify for your 84 months from 60 percent to 50 percent.

We started the special relief subsidy so that once every Association meets their initial payment, they can now go up to \$5,000.

We finalized and approved a new health care program to allow \$600 a month to all qualifying Members. That's in addition to receiving relief.

Two years ago we initiated and won the court case that it will not be public knowledge who receives relief. We took that all the way to the Supreme Court to win.

Using strong financial oversight, we raised the value of the Association's assets from \$170 million to a quarter of a billion dollars. That is a 45 percent increase in value after paying all our expenses.

In contrast, the only thing that was accomplished this year is that Frank, Bob and Tom have been working with the Managers of the Firemen's Home to try to greatly increase the money that we give them to manage it. We are talking millions and millions of your dollars to be wasted with mismanagement.

The real job of your President is twofold: To make sure that you receive everything due to you and to increase your benefits whenever possible to protect your money for the future so that it is always there for us, for our families and future generations of Firefighters.

We also have seen so many cases in the news where companies and organizations disappear due to frivolous spending.

We indeed must continue to make it our mission to take care of our old and our sick. And we must do this responsibly. We all know how out of control health care has become. We must be very assertive and smart when it comes to the budgets of our Firemen's Home or we will eventually run out of money. It's that simple.

Here are the numbers: My last year as President, we had 70 Firemen in the Firemen's Home. We had to pay the Managers of our Home \$8.4 million for those 70 Guests. Each of these Guests have to pay another \$850 a month out of their pockets. That adds up to a cost of \$130,000 a year for a Firefighter. Sometimes it's not quite right here. When you give people an open pocketbook to spend, they tend to spend it all.

There is concern that we should have a southern facility to care for our Firefighters who are from that area. Back in 2007, as your President, I was trying to give our southern Members what they wanted while doing it responsibly. We were going to be able to have our own wing of the Masonic Home in Burlington. That facility also had a full medical and dementia center there. It would have been very cost effective while giving us the best care possible.

The Home Managers, however, did not want to allow someone else to run their budget and instead insisted that we spend many, many additional millions so they could keep control. I fought them hard not to allow your money to disappear in their budget.

We received over 100 letters from local Relief Associations agreeing that there was no need for a second Home. And it would put two main functions of our Association, the Death Benefit and granting Relief, in jeopardy.

You may be aware that in 2015 a resolution was passed that if the Firemen's Home puts an additional \$6 million in the 2016/2017 budget for a second Home, then Life Members' Convention payments would be suspended indefinitely.

You will hear the President often speak about putting a dementia/memory care in Boonton. This will needlessly cost us many millions of dollars and puts your future benefits at risk.

We can still care for those of us who need this care without blowing our money away when we don't have to. We need to stop this out of control spending before we spend away our future.

Friends, I know this is a lot to digest, but the bottom line is you. I and all our Firefighters deserve the absolute best care possible. We deserve to have the care given responsibly so that our money is not thrown away by those who don't care about your future.

Unlike most running for office today, I have always made it my life mission to protect you and our financial future. I'm asking for your support tomorrow to elect me as your President, Gary Bonacci Vice President, Brian Martone Second Assistant Secretary.

Thank you much for your time.

God bless and protect our Firefighters, Police, EMS, men and women in the Military, and God bless America. And thanks for listening.

CONVENTION BODY: (Applause.)

PRESIDENT GUNSON: George, thank you.

At this time, Richard Vander Berg.

MR. VANDER BERG: Fellow Firefighters, my name is Rich Vander Berg and I am running for the position of President of the New Jersey State Firefighters Association. I want to introduce myself and ask for your support.

I come from a family of Firefighters and have held various positions in Firefighting organizations throughout the state, including past President of the state Exempt Firefighters Association. I'm currently the Vice President of the North Jersey Volunteer Firemen's Association and currently Vice President of the Bergen/Passaic Exempt Firemen's League.

I have several ideas that I feel could improve our Association and be a benefit to all Members. One being health benefits for all Firefighters. Another to eliminate the towns not being seated at our Annual Convention. And, third, updating and expanding the data bases of Firefighters.

I was unable to attend the county caucuses of every county due to a work schedule. But that shouldn't keep me from being elected President of this great organization.

In the event that I am elected, I will resign my current position at work.

I truly believe that I can do an outstanding job for this organization. But I need your support and your vote.

Please give me the chance to serve as your President.

There are three candidates running for the position of President. You have tried the rest and I suggest you vote in the best.

Thank you, Rich Vander Berg.

CONVENTION BODY: (Applause.)

PRESIDENT GUNSON: Rich, thank you.

Good afternoon, Delegates, Life Members, clergy and invited guests.

For those that don't know me, I'm Frank Gunson and I'm running again for re-election tomorrow as President and I need your support.

I have served this Association this past year as President and the previous nine years as Vice President and served 14 years as Executive Committeeman from Mercer County. I have also been my local Relief Secretary for over 31 years.

Prior to becoming Vice President, I was employed at PSEG for over 42 years. I was transferred to corporate headquarters; I worked in corporate budget planning, IT methods. The last 15 years were in purchasing, certified purchasing manager.

Now, let's turn to my track record working with this fine Association, along with the 21 Executive Committeemen. I've worked closely with our attorneys, both as your Vice President and President, to preserve the privacy rights of all our Members in the recent New Jersey Open Public Records Act case, which if we lost, would have opened to the public all relief applications and payments for Members of our Association.

I am pleased to report, as you heard in my report, the Supreme Court has ruled in our favor.

I am pleased to see this Hall full today. As a result of new procedures my team put into place this past year, we saw a reduction in the number of Relief Associations not being seated to go from 13 down to only three this year. We are working to ensure that all Relief Associations will be seated at future Conventions.

Our Association had a successful roll out this year of our new health care program that's benefiting Members of our Association.

We increased the upward limit of special relief so that every Association Member with need will be able to receive up to \$5,000 from their local and special relief fund.

We continue to upgrade our Association computer system and our website. You will see the difference in the ease of navigating around.

We are proud of our continued excellent working relationship with the State of New Jersey Banking and Insurance and other state agencies which are so vital to our continued success.

Regarding the construction of our new facility and the relocation of our Offices to Wall, I oversaw the request for proposal process, for architect, construction manager and contractor. I continue to work closely with them, along with the Vice President and the Building Committee. We expect the new building to be ready move in late summer of 2018.

As I promised you all last year, I reestablished, along with the Board of Officers a working relationship with the Board of Managers of the Firemen's Home in Boonton. I can assure you that we are working together to serve the needs of all of our Members.

With my 24 years of combined experience as your Association President, Vice President and Executive Committeemen and with the strong working relationship I have with the other Officers and the Executive Committee, we are positioned to continue to move our Association forward in a positive manner without the animosity.

I would like the opportunity to continue on this positive track. We have made remarkable strides this past year and have approved important projects ahead of us. I can only do this with your support tomorrow and re-elect me as your President.

I am also asking you to keep our current Officer team in place by re-electing Robert Ordway as Vice President, Barry Osborn as Treasurer, Kevin Finnegan as Secretary, Jacob Genovay as First Assistant Secretary and Tom Pelaia as Second Assistant Secretary. Please vote line two on all the contested positions.

In closing, may God bless America, watch over our troops, First Responders and the families suffering from Hurricane Irma and Harvey.

Thank you, very much. Have a great evening

At this time, I will ask Gary Bonacci to come up.

MR. BONACCI: Good afternoon, brother and sister Firefighters, Life Members, Delegates Alternates, Exec Members, Chiefs and honored Guests.

My name is Gary Bonacci and I'm your 2017 candidate for Vice President of our organization, the New Jersey State Firemen's Association.

I'm a 33-year active Member of the Ridgefield Volunteer Fire Department. Where on the fire ground I have served as first and second Lieutenant, Captain, and for the last four years my Department Safety Officer. As a Member, I have also served my Company as President, Vice President, Secretary and for many years its Treasurer.

As a Relief member, I have served as a Trustee, Representative, Exempt Delegate and currently my Department's Secretary for Relief.

I'm a retired AT&T manager with 37 years of service starting with New Jersey Bell and then later on to Lucent Technologies and AT&T.

During my years with New Jersey Bell in Jersey City, New Jersey as an active union member in the various crafts, I attended Jersey City State College part-time to obtain my Bachelor of Art's degree. I later went on to the professional school of business and obtained my insurance brokers producer license allowing me to be a licensed insurance producer in the State of New Jersey working alongside my dad part time in his small insurance agency learning as much as I could about the insurance industry.

After my retirement from AT&T, I was appointed the Borough Administrator of the Borough of Ridgefield. Went back to college to obtain my Master's in Public Administration and Leadership at Fairleigh Dickinson University.

With my experience as a Borough Administrator, 33 years as an active Volunteer Firefighter, 35 years a licensed New Jersey insurance producer and 37 years in the communications service industry, I can offer the New Jersey State Firemen's Association, our Association, a specialty with broad application. Allowing me to be a productive part of your leadership team as your Vice President, I will work hard to continue and improve, when needed, our current programs, as well as create new programs when needed.

George Heflich, Brian Martone and I are seeking your support and vote tomorrow. We look forward to meeting with you today to discuss in more detail our background and qualifications that can work for you and this, our great organization.

I'd like to thank the Members here today for your time and consideration. I'd like to especially thank the county Executives and the various Members that were present at the various caucuses for their hospitality and friendship they showed to me and extended to me.

I can't tell you how thankful I am for this rewarding experience of having the opportunity in this great state in this great country to be allowed to run for this office and allowed to speak here today.

Thank you, again, for your time and consideration. May God bless you and your family. Have a wonderful weekend in Wildwood and God bless this great country. God bless America.

PRESIDENT GUNSON: At this time, Vice President Robert Ordway.

VICE PRESIDENT ORDWAY: Good afternoon, Delegates, Life Members, Relief Officers and guests.

My name is Robert Ordway and, as you heard, I am running for re-election as Vice President of this great Association.

I was first elected Vice President last year and prior to that I served as the Executive Committeeman representing Bergen County, 68 Associations, for over ten years.

I just started my 41st year as a Member of the Rutherford Volunteer Fire Department and served as Department Chief in 1993. I've also been serving as my local Relief Association Treasurer since 1994. I am a New Jersey certified municipal finance officer, county finance officer, tax collector and purchasing agent.

I attended and spoke at 17 of the 21 caucuses. Of the four that were held on duplicate nights, Executive Committeeman Jim Reeves and First Assistant Secretary Genovay were kind enough to speak on my behalf.

My literature with my resume was available at each caucus and I mailed a copy to each local Association. The various Firematic Officers, education certifications and employment history were listed there for your reading pleasure.

I am running again for Vice President because I believe we need to keep moving this Association forward and not backward. We need to continue to move forward without all the animosity, anger and disorganization that had taken over past Conventions.

All the current Officers have made it our mission to improve this Association for the benefit of you and your brother and sister Firefighters.

At the first Officers meeting last October, President Gunson addressed the issue of the constant double digit number of Associations not being seated each year. This year stronger communication with the Executive Committee and your local Officers reduced that number of local Associations not seated for late paperwork down to three. It had been as high as 18 not seated just two years ago.

Since last year's Convention, nine of the ten reports due had 100 percent on time submission statewide. Not perfect yet, but a great improvement.

We are working on the State website to make it more informative and user-friendly. We have made changes to the home screen to make it current and added additional connections on the link screen. We have added the Compendium, statutes, by-laws and 2016 Convention minutes so that every Member of your own Association has access to them. We have changed the look of the Treasurer's screen and began working on the annual financial statement to update and improve it.

We have had several meetings with the Firemen's Home Board of Managers to determine how best to serve the ongoing care needs of all of our brothers and sister Firefighters in the years to come. This is a conversation that was long overdue and one of our first orders of business after last year's election. We needed to reopen the lines of communications between our two organizations that had completely broken down in recent years.

The new health care rehabilitation program was spearheaded by Executive Committeeman Joe Hankins from Ocean County started January 1st of this year. This program has been rolled out without a hitch and 35 applicants have been approved and have received over \$63,000 in reimbursement toward their ongoing care.

There is so much more I can say, but my time is running out. It is a great pleasure going to work in an office environment with people looking to improve our Association.

Frank Gunson, Tom Pelaia, Kevin Finnegan, Barry Osborn, Jake Genovay and I are working together to improve our Association. I ask for your vote to re-elect me to continue as your Vice President and support all the current Officers in their re-election efforts, especially Frank Gunson, Tom Pelaia and I who have competition. Please vote line two on the contested elections.

Thank you for your time. Have a good, and, more importantly, safe time down here this weekend and have a safe trip home when you leave.

God bless our First Responders, our Armed Forces stationed around the world and God bless America.

CONVENTION BODY: (Applause.)

PRESIDENT GUNSON: Barry, do you have any words? Barry, no words.
Kevin?

SECRETARY FINNEGAN: Good afternoon, Life Members, Delegates, Alternates, Reverend clergy and guests.

At my caucus I stated that I was running unopposed. I don't know if that's because I'm doing a great job or nobody wants it. Hopefully the former.

I enjoyed working with all the Officers that have contacted me. And I encourage you to support the current Officers. You already heard them so I won't repeat them. But please give them your support and vote.

Thank you.

CONVENTION BODY: (Applause.)

PRESIDENT GUNSON: Thank you, Kevin.

First Assistant Secretary Jacob Genovay.

FIRST ASSISTANT SECRETARY GENOVAY: Thank you, Mr. President.

Thank you for your past support. I'm not having any opposition this year, but I wish for your backing again.

You know I'm backing our present slate right down the line from the President to the Second Assistant Secretary. And I ask that you vote that way.

Thank you, very much.

CONVENTION BODY: (Applause.)

PRESIDENT GUNSON: Jake, thank you.

At this time, Second Assistant Secretary; Brian Martone running for Second Assistant Secretary.

While he's coming up, anybody that has a room, hotel room, 170, we got your key up here.

MR. MARTONE: Good afternoon, I promise to be short and sweet.

I want to thank each and every one of the Firefighters for being here today.

My name is Brian E. Martone and I'm running for Second Assistant Secretary. I have been a Member of the Cliffside Park Volunteer Fire Department since 1998. I served as the Department Chief for four years. And during this time I had the opportunity to accomplish many positive things for my Department.

I am currently the Battalion Chief of my Department, as well as the Department Treasurer. My local Relief Association, I have been a Convention Delegate and now a Life Member. I've held positions of Representative, Trustee and currently serve as Trustee Chairman.

I have been through various Firefighting leadership classes, I completed my Bachelor of Arts degree and Master's of Administrative Science degree at Fairleigh Dickinson University. For the last four years I have been a Detective at the Cliffside Park Police Department. I was hired in 2003 as a Patrol Officer. I truly have the best of both worlds, by being a Police Officer and a Volunteer Firefighter.

My heart is in the Fire Department and I truly love everything there is to love about the Fire Service.

I'm running for this position with the intention of helping and being available for anything I can assist the Association with. I am young and extremely motivated and feel that I can add a new perspective on things. I would like to focus on better communications throughout the state with each local Association, as well as improving technology. I want to make sure that every Firefighter in the state that is eligible to be in our great Association is given the opportunity to be put in. There is no excuse why there are Members in this state that are not enjoying the same benefits that we all here share today.

I feel I can use my skills, dedication and background to help every Firefighter throughout the state.

I'd like your support in helping me get elected in tomorrow's election. Vote for ballot position No. 1 for Second Assistant Secretary and vote Martone. Your time and vote are extremely important. And I hope I can make a difference if given a chance.

Thank you, again for the opportunity to speak here this afternoon. God bless, enjoy your weekend and be safe.

CONVENTION BODY: (Applause.)

PRESIDENT GUNSON: Brian, thank you.

At this time, we will hear from Second Assistant Secretary Thomas J. Pelaia.

SECOND ASSISTANT SECRETARY PELAIA: Reverend clergy, honored guests, Delegates, Life Members and brother and sister Firefighters.

I'm Tom Pelaia and I'm running for Second Assistant Secretary of the New Jersey State Firemen's Association.

I am a 36-year Member of the Bloomfield Firemen's Relief Association. In my 36 years, I have served my local Association as Vice President, President and now local Secretary.

In January of 2017, I was unanimously selected by the Executive Committee to serve the unexpired term of Second Assistant Secretary. I have had the privilege of serving this great Association for the past 26 years.

Prior to becoming Second Assistant Secretary, I was the Executive Committeeman from Essex County for eight years, and prior to that I was Legislative Committeeman for 17 years.

I spent 31 years in the Bloomfield Fire Department where I was the Fire Official and Administrative Officer of the Department for my final 13 years. I have volunteered with the Bell and Siren Club in Essex County for over 40 years.

Since my appointment to Second Assistant Secretary, I've had the privilege to work with an experienced team of Officers striving to make your Association stronger than ever. Our team worked along with all the Executive Committee Members to reduce the number of Associations not being seated from 15 to three. This is still not perfect, but it's far from being a failure.

We are working to simplify the duties of the local Association Officers. We are currently reviewing all forms, especially the annual Financial Standing Report.

As these forms are updated, we will continue to post them to our website. In addition, all forms we now have in our Compendium and Red Book are on the website.

This year we have given five county workshops to local Associations where we review the duties of the local Association Officers and review forms needed to be submitted to the State. We received positive feedback from the Associations and we continually update this program with their input. We hope to bring this program to the counties over the next year or two.

Presently we are in the process of constructing a new headquarters building in Wall, New Jersey for the Association. With my experience as a past construction official, I have assisted officers, building committee, architect and construction manager in the planning of the building. This project is scheduled to become a reality by next year's Convention.

Finally, my 26 years of experience at the State Association, I have learned to contribute to the operations of the Association and note that with my administrative and legislative experience, I am fully capable of serving as Second Assistant Secretary.

I will continue to work for you tirelessly in the Association; therefore, I'm asking for your vote for Second Assistant Secretary and the vote for all the current Officers so that we can continue moving our Association in the right direction.

Thank you. God bless you. God bless all of our First Responders, especially those in the devastated areas in the South. And God bless America.

CONVENTION BODY: (Applause.)

PRESIDENT GUNSON: Thank you, Tommy.

Good luck to all the candidates tomorrow.

Report of Resolution Committee; Mr. Frank Cavallo.

COUNSEL CAVALLO: There are no resolutions that will be voted on, so I have no report.

CONVENTION BODY: (Applause.)

PRESIDENT GUNSON: Sounds good, Frank.

At this time, rise for Benediction led by Chaplain Dan Schafer. After that, adjournment.

Reminder: Registration, voting tomorrow will start at seven o'clock.

REVEREND SCHAFER: Dear God, thank You for a beautiful day. And as we go out, let us enjoy it and bring us back safely tomorrow. Amen.

PRESIDENT GUNSON: Just got handed two cards: William J. Ward and Edward J. Zuccarelli, I got your Delegate cards up here.

The Convention is now adjourned till 10 a.m. tomorrow.

Enjoy the rest of the day.

(Convention's First Session Proceedings adjourned at 2:33 in the afternoon.)

(Presentation of the Colors accompanied by bagpipers.)

REVEREND SCHAFER: Almighty, God, God of heaven and earth, we pause this morning to thank You for the lives that You have given to this great nation and this great state who have paid the ultimate price.

As we stand here this morning, we remember their families, their children, their brothers and sisters, as the communities in this past year have mourned their loss.

We ask You for Your strength, for Your comfort and for Your peace for them at this time.

We pray in Your holy name.

Amen.

VICE PRESIDENT ORDWAY: Please join me in the Pledge of Allegiance.

(Pledge of Allegiance led by Vice President Ordway.)

(“Star Spangled Banner” sung by Firefighter Glenn Roemmich.)

CONVENTION BODY: (Applause.)

MR. PAWLAK: Thank you.

(Chiming of Memorial Bell three times.)

(Bag pipers, "Amazing Grace.")

REVEREND SCHAFER: You may be seated.

We have met the enemy and he is us.

If you've lived long enough, you might remember back in the '70s cartoonist Pogo. And his most famous saying was, "We don't have to go far to meet our greatest enemy." Why do we go through life looking for someone or something to blame for who and what we've become, our parents, teachers, spouses, partners, environment, on the job.

Our greatest enemy is our mind. It's not the smoke, not the fire, not the call, the fall that's going to kill you. It's the mind. We give very little attention to the mind. The Bible says, "As a man speaketh from his heart, it initiates in the mind."

Everyone in this room has baggage. Everybody in this room has carried maybe decades of emergency response. But I look at the list of those who have paid the ultimate price. It's very sad that about the same number of our Firefighters took their own life by their own hand this past year.

As a Chaplain, unfortunately, I have been part of some of those occasions. And I think we need to give not only attention to the training that saves your life, the weekly, monthly, daily training that you do, but I think we need to help training the mind to help you, how to deal with all the baggage that you brought to this Convention. The baggage that goes with you every day.

Sometimes we don't understand why we just can't forget about it. It's because it's the way God made us. He gave us a brain that thinks cognitively. And He gave us a brain that has all the sights, sounds and smells from the time we are born. They are always there.

What happens is over time we don't know what to do with it. We have flashbacks, we have nightmares, we have visions, we hear voices, there are smells that are triggers. We drive around our neighborhoods responding to a call and we see a cross on the side of the road or we see a bouquet of flowers and all of a sudden our mind goes back to that.

Knowing yourself reveals the important characteristics of who we are, those are your strengths, your weaknesses and your vulnerabilities. What stresses you out more in life, the things, family, friends, work, doesn't compare to the stress on the job, the images.

And as we said, as a man think it in his heart, so as he thinks in his heart and that's the problem we have. We think to do the job, but in our heart it's broken. We see the broken bodies, we see the people that are hurting, we see the people dying, we can't connect them.

Life's construction consists of personality. We all have our own personality, the consistent way of thinking and acting and feeling, the sum total of value, preferences in behavior. But we, in order to survive, must have a moral compass by which we live. This compass will assist us in navigating through all the garbage and the trash that we face on a daily basis.

Right and wrong has been blurred by our society as a gray middle ground of God. God is our compass. He's the one who guides us.

We live in a country of political correctness and that says there's nothing more than a reason for the suspension of rational thought. West Virginians are no longer called hillbillies. They are called Appalachian Americans. Rednecks, doesn't have a beer gut, but a liquid grain storage facility. I figured that would get you.

Bertrand Russell said we have two kinds of morality side by side, one which we'll preach, but do not practice, another, which we practice, but seldom preach.

We have two dramatically opposed views of our value system to guide us in our behavior. Those who believe it is the outcome that matters, and it is the outcome that matters because we want you to be here next year and we want you to survive many, many decades of your calling. Then there are those who believe it is the process that matters. What about you?

We all want to be happy. We all want to go home happy. We all want to be enjoying the love of our families. Happiness should be the result not only of what we have received, but how we have achieved it. Short is the joy that guilty pleasure brings.

There are four major guideposts for us in life. No matter where you stand on earth, you could hold a compass in your hand and it will point to the North Pole.

No matter where you are in life, if you have God as your compass, He will point you to the right direction. He will help you to make that split decision in the time of crisis and critical incidents. Because the compass of the God that we serve will lead us in the path of righteousness for His name sake. No compromise. Never, never compromise. No giving up.

Number two: Being consumed with the achievement can often take your mind off the direction you take in the achievement. Keep checking your compass. Make sure you are going in the right direction. The world will make every effort to get you off course.

Thirdly: Impulsiveness leads to irresponsibility. It is legal, it is fair, how will it affect my relationship and how will I feel about it afterwards? Character, personality, very important.

And, lastly, integrity: A reflection of the direction of your moral compass. Integrity is looking forward to and accepting the consequences of your voluntary behavior. In fact, ethics and morality are the most important.

And it is hard to keep a clear mind and clean mind when we see the worse of society. Morality, on the other hand, requires the right behavior.

When are we off duty? Your family knows that you are never off duty. When you come home you are waiting for the next call. It's hard to find that time off.

So, as we near the end of my little thoughts to you this morning, let's reach out to one another and be willing to listen without judging, without somebody saying you are weak, you can't take it.

We are human beings. We have a mind that deals with the worst of society. And we have a heart that breaks when we see the losses and the dying.

And I encourage you, as my brothers and sisters, that we join together in the coming years ahead and be sure that the job doesn't get too much of us. And we are not afraid to reach out to one another. Not afraid to reach out to your Chaplain and say, hey, I need to talk about this.

So, remember, your greatest enemy is not the fire, it's not the smoke, it's not the fall, it's our minds.

God love you. I love you, too

CONVENTION BODY: (Applause.)

MR. BURGIN: Shall we pray.

("The Lord's Prayer" sung by Firefighter Gary Burgin.)

("Amazing Grace" sung by Rachel Woodruff-Kisic.)

CONVENTION BODY: (Applause.)

("You Lift Me Up" sung by Executive Committeeman Gerard Naylis.)

(MR. DUFFY recites "The Firemen's Prayer.")

FIREMEN'S PRAYER

When I am called to duty, God
Wherever flames may rage
Give me strength to save a life
Whatever be its age.

Let me embrace a little child
Before it is too late
Or save an older person from
The horror of that fate.

Enable me to be alert
And hear the weakest shout
And quickly and efficiently
To put the fire out.

I want to fill my calling
To give the best in me,
To guard my friend and neighbor
And to protect their property.

And, if, according to Your will,
I have to lose my life,
Please bless, with Your protecting hand,
My family and my wife.

MR. DUFFY: Amen.

(Executive Committeeman Gerard Naylis sings “God Bless America.”)

CONVENTION BODY: (Applause.)

REVEREND SCHAFER: Almighty God, we bow in Your presence and we thank You for this opportunity to remember those who we love dearly. We pray You will be with us in the days to come, protect us, protect our families, as we are on the road doing Your work. We ask again in Christ’s name.

Amen.

PRESIDENT GUNSON: At this time, I ask the Cape May Irish Pipe Brigade and the Pennsauken Honor Guard to retire the colors.

(Colors are retired accompanied by pipers.)

(Bouquets are distributed to families of Fallen Firemen.)

PRESIDENT GUNSON: At this time, I’d like to thank the Cape May Irish Pipe Brigade, Pennsauken Honor Guard and the Memorial Committee for this fine service.

Also, I would like to thank the families who lost their loved ones this past year in the Line of Duty. And please keep them and all our loved ones that we lost this past year in your prayers.

Thank you, families, once again for attending. Chiefs, thank you.

At this time, I ask everybody to be seated.

Families can leave if you want. Some of you wanted to, it’s your call.

At this time, we will have the Legislative Committee Report, First Assistant Secretary Jacob Genovay.

Kevin Finnegan, Secretary, will give the report.

We have audited the accompanying financial statements (modified cash basis) of the New Jersey State Firemen's Association (the "Association") which comprise the statements of assets, liabilities and net assets (modified cash basis) as of June 30, 2017 and 2016 and the related statements of revenue, expenses and change in net assets (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets, liabilities and net assets of the New Jersey State Firemen's Association as of June 30, 2017 and 2016 and its revenues and expenses for the years then ended in accordance with the modified cash basis of accounting as described in Note 2.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

New Jersey State Firemen's Association

Notes to Financial Statements
(Modified Cash Basis)
June 30, 2017 and 2016

1. Organization and Tax Status

New Jersey State Firemen's Association (the "Association") is a not-for-profit corporation that was established through New Jersey State legislation. Its expressed purpose is to maintain a General Relief Fund that provides burial benefits to qualifying members. The Special Relief Fund was initiated to allow relief to be paid to those applicants of associations that cannot afford to satisfy the needs of an applicant when a major loss occurs due to illness or other incidents. The initial contribution of \$2,468,467 was made May 15, 2003. Benefits were made available beginning January 1, 2004.

The Association is a not-for-profit organization that is exempt from income taxes under Section 501(c)4 of the Internal Revenue Code (the "Code").

2. Summary of Significant Accounting Policies***Basis of Accounting***

The financial statements are prepared on the cash basis, modified for capitalization of real estate held for sale, investments, which are stated at cost and certain liabilities related to insurance claims. Consequently, revenue is recognized when received rather than when earned and expenses are recognized when paid rather than when the obligations are incurred. The Association follows the policy of charging directly to operating expenses disbursements for furniture and equipment. In anticipation of moving into the new building, the Association is capitalizing all costs related to the new building. Management has determined that the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America ("US GAAP"), as described above is an acceptable basis for the preparation of the financial statements in the circumstances.

Cash and Cash Equivalents

Cash and cash equivalents include cash held in banks and money market funds with maturities of three months or less at the time of purchase.

Property and Equipment

Property and equipment is carried at cost. Depreciation is computed using the straight-line method over the estimated useful life of the assets when placed into service. At June 30, 2017 and 2016 all of the Association's property and equipment were construction in progress.

Functional Expenses

All of the Association's operating expenses are considered program services.

2. Summary of Significant Accounting Policies (*continued*)**Accounting for Uncertainty in Income Taxes**

The Association recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. Management has determined that the Association had no uncertain tax positions that would require financial recognition or disclosure. The Association is no longer subject to examinations by the applicable taxing jurisdictions for periods prior to fiscal 2013.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that financial statements were available to be issued, which date is September 14, 2017.

3. Investments

Investments are carried at cost regardless of fair value at the end of the year. Gains and losses on investments are recorded upon disposition of the investment rather than providing for such gains and losses as they occur.

Investments of the Association consisted of the following at June 30:

	2017		2016	
	Cost	Fair Value	Cost	Fair Value
General Fund				
Bonds	\$ 34,982,134	\$ 26,579,471	\$ 32,623,238	\$ 28,018,955
Mutual funds	19,011,079	20,706,114	22,479,015	21,656,993

Mutual funds	<u>\$ 4,830,246</u>	<u>\$ 4,263,025</u>	<u>\$ 5,055,626</u>	<u>\$ 4,715,513</u>

Fair value of the above investments is determined using quoted market prices.

4. Retirement Plan

The Association has a noncontributory defined benefit retirement plan which covers all eligible employees and executive committeemen. The Association's objective in funding the plan is to accumulate funds sufficient to provide for all promised benefits and to maintain a relative stable contribution level. Selected data as of June 30, 2017 follows:

Plan assets, at fair value	\$ 6,395,235
Projected benefit obligation	<u>5,739,283</u>
Funded Status	<u>\$ 655,952</u>

4. Retirement Plan (continued)

The fair value of the pension plan assets is disclosed in the table below based on fair values and "levels" at June 30, 2017 and 2016. The relevant levels are based on the methodology for determining fair value: Level 1 inputs: valuation based on active markets for identical assets; Level 2 inputs: valuation based on significant observable inputs; and Level 3 inputs: valuation based on nonobservable inputs. The pension plan invests in funds to meet its investment objectives. The asset allocation is based on the underlying assets of the various funds. The leveling is based upon each fund as the unit of measure. All of the pension plan's investments measured at fair value are valued using Level 1 inputs at June 30, 2017 and 2016 and are as follows:

	2017	2016
Mutual funds, at fair value	\$ 4,584,285	\$ 4,626,618
Certificate of deposits, at cost	1,033,071	1,016,551

2023-2027	3,006,318
Discount rate	6.00%
Expected return on plan assets	n/a
Rate of compensation increase	3.50%

Contributions to the plan for the years ended June 30, 2017 and 2016 were \$200,000 and \$656,409.

5. Commitments

The Association entered into a non-cancelable operating lease for office space commencing June 1, 2008 with an initial term of ten (10) years with two five (5) year renewal options and a required lease deposit of \$35,404. The lease also requires the Association to pay a pro-rata share of property taxes and operating expenses. The future annual minimum rent commitment is \$88,511 for the year ending June 30, 2018.

**Board of Trustees
New Jersey State Firemen's Association
Employees' Retirement Plan**

We have audited the accompanying financial statements of the New Jersey State Firemen's Association Employees' Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the New Jersey State Firemen's Association Employees' Retirement Plan as of December 31, 2016 and 2015, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Notes to Financial Statements
December 31, 2016 and 2015

1. Plan Description

The following brief description of the New Jersey State Firemen's Association Employees' Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information. The Plan is a defined benefit pension plan.

The Plan is administered by the New Jersey State Firemen's Association (the "Association"). The Custodian of the Plan is Northeast Professional Planning Group, Inc. ("NPPG"). The Association has appointed NPPG to hold investment assets and perform most administrative duties.

Pension Benefits

Employees are eligible for participation in the Plan after the completion of the later of the date the employee attains age 21 or completes six months of service. Participants become fully vested in the Plan after 5 years of service. However, 10 years of service is required for early retirement benefits.

Benefits for participants retiring upon reaching the normal retirement age of 65 are based on 65% of the average annual compensation reduced pro-rata for years less than 25, based on the previous 12 month period. The Plan also provides a cost of living adjustment.

An employee may elect early retirement after having reached age 55 and having completed 10 years of service. Benefits upon election of early retirement are reduced for each month by which the retirement date precedes age 65.

The normal form of benefit payment is a life annuity with 10 years certain for single employees and a joint and survivorship annuity basis for married employees. Several other options in the method of benefit payment are also available.

Participants who have attained the age of 70½ and are still working must commence collection of their pension benefits. In addition, participants will be able to accrue benefits for service beyond the age of 65.

2. Summary of Significant Accounting Policies***Basis of Presentation***

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP"). The Plan is not required to make certain Department of Labor required disclosures as the number of eligible participants is below 100.

Employees' Retirement Plan**

Notes to Financial Statements

2. Summary of Significant Accounting Policies *(continued)*

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires the plan administrator to make estimates and assumptions that affect reported amounts of assets, liabilities and disclosures of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Fair Value Measurements

The Plan follows US GAAP guidance on Fair Value Measurements which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable inputs and are used to the extent that observable inputs do not exist.

Investment Valuation and Income Recognition

Fair value of investments in shares of mutual funds are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of investments are recorded on a trade-date basis. Gains or losses on sales of investments are based on the average cost of investments. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well held during the year.

Recently Issued Accounting Pronouncements

During 2016, the Plan adopted new US GAAP guidance which provided that: (i) all fully benefit-responsive investment contracts will be stated and disclosed at contract value; (ii) eliminates the disclosure to report individual investments that represent 5 percent or more of a plan's net assets available for benefits; and (iii) eliminates the disclosure for net appreciation/depreciation for investments by general type and classes of assets on the basis of nature, characteristics and risks. Adoption did not have an effect on the Plan's net assets available for benefits.

2. Summary of Significant Accounting Policies (continued)

Accumulated Plan Benefits

Accumulated plan benefits are those estimated future periodic payments that are attributable under the Plan's provisions to services rendered by the employees at the valuation date. Accumulated plan benefits include benefits expected to be paid to present employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries are based on Plan provisions at the time of retirement.

Administrative and Investment Expense

Administrative and investment expenses are paid by the Plan. Investment expenses are included in net appreciation (depreciation) in fair value of investments.

Payment of Benefits

Benefit payments are recorded upon distribution.

Risks and Uncertainties

The assets of the Plan are primarily financial instruments which are monetary in nature. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonable to expect the changes in the values of investment securities will occur in the near term and that such changes could materially affect amounts in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Accounting for Uncertainty in Income Taxes

Management has determined that the Plan had no uncertain tax positions that would require financial statement recognition or disclosure. The Plan is no longer subject to examinations by the applicable taxing jurisdictions for the periods prior to 2013.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is September 14, 2017.

Employees' Retirement Plan**

Notes to Financial Statements
December 31, 2016 and 2015

3. Certificates of Deposit

Certificates of deposit are stated at cost plus any accrued interest (which approximates fair value). The certificates of deposit at December 31, 2016, bear interest ranging from 1.24% to 1.98% and mature at various dates from June 2018 through June 2020.

4. Investments

As of and for the years ended December 31, 2016 and 2015 all of the Plan's investments, bought, sold and held were Level 1 investments.

5. Actuarial Information

Accumulated plan benefits are those future periodic payments that are attributable under the Plan's provisions to the service employees have rendered. They include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. The accumulated plan benefits for active employees are based on 65% of the average annual compensation reduced pro-rata for years less than 25, based on the previous 12 month period. Benefits payable under all circumstances including retirement, death, disability and termination of employment are included to the extent they are deemed attributable to employee services rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by the Association's actuary, and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations as of January 1, 2017 and 2016 were (a) life expectancy of participants (the 1984 UP mortality table), (b) an assumed retirement of the earlier of age 55 and 10 years of service or age 65 and five years of service and (c) an assumed average rate of return of 6.00%.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

6. Funding Policy

The Association's policy is to fund the Plan annually at the minimum level required under ERISA regulations as computed by the Association's actuary.

7. Income Tax Status

The Internal Revenue Service has determined and informed the plan administrator by a letter dated March 10, 2004, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. The plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Independent Auditor's Report

Board of Managers
New Jersey Firemen's Home
565 Lathrop Avenue
Boonton, NJ 07005

We have audited the accompanying financial statements of the New Jersey Firemen's Home which comprise the statements of assets, liabilities and fund balance - cash basis as of June 30, 2017 and 2016 and the related statements of support revenue and expenses and changes in fund balance - cash basis for the years then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the cash basis of accounting described in Note 1; this includes determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, assets, liabilities and fund balance - cash basis of the New Jersey Firemen's Home as of June 30, 2017 and 2016 and its support revenue and expenses and changes in fund balance-cash basis for the years then ended, on the basis of accounting described in Note 1.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

**NEW JERSEY FIREMEN'S HOME
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017 and 2016**

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared utilizing the cash basis of accounting which is a basis of accounting other than accounting principles generally accepted in the United States of America. The presented cash basis of accounting is the required method prescribed by the New Jersey Department of Human Services.

Nature of Business

The New Jersey Firemen's Home is located in Boonton, New Jersey. Nursing and residential care are provided to aged and indigent firemen who have served as a member of a New Jersey fire department for a minimum of one year.

Cash and Cash Equivalents

For the purpose of the statements of assets, liabilities and fund balance – cash basis, management has defined cash and cash equivalents to be highly liquid investments, which include cash, certificates of deposit, and money market funds.

Medical Fund

The medical fund has been established to collect and disburse funds on behalf of the guests. An individual medical account is maintained for each guest in the New Jersey Firemen's Home. The funds are not segregated and interest earned on such funds is retained by the New Jersey Firemen's Home. The individual accounts are maintained to record the funds collected and disbursed on behalf of the guests.

The primary sources of funds collected on behalf of the guests include: Social Security benefits, pensions and personal remittances from guests or their families. The primary sources of funds disbursed on behalf of the guests include: room and board charges, medical expenses and various personal expenses. Statements are mailed to guests' families/responsible parties on a quarterly basis.

When a receivable has resulted, i.e. more funds disbursed than available, the families/responsible parties are requested to remit such.

Upon admission, guests are requested to grant the New Jersey Firemen's Home a limited power of attorney to execute the aforementioned transactions. Upon the expiration or discharge of a guest, any remaining balance is returned to the guest or the guest's estate after all anticipated expenses have been paid. Such release of funds is approved by the Board of Managers. Should a deceased guest have a balance in excess of \$500 upon death, a statement which lists the executor is required from the local county surrogate.

NOTE 1 (Continued)

Fixed Assets

Fixed assets are maintained in the Property Fund. Asset acquisitions with a cost of \$1,000 or more have been capitalized. Depreciation is computed on a straight line basis over the useful lives of the assets generally as follows:

Buildings and Improvements	10-50 years
Furniture and Equipment	5-10 years
Vehicles	5 years

Expenditures for major renewals and betterments that extend the useful lives of property and equipment are capitalized. Expenditures for maintenance and repairs are charged to expense as paid.

Estimates

Management uses estimates and assumptions in preparing the financial statements. These estimates and assumptions affect the disclosures relating to the Pension Plan. Actual results could differ from those estimates.

Income Taxes

The New Jersey Firemen's Home is exempt from federal income taxes under section 501 of the Internal Revenue Code. It was incorporated as a non-profit organization under the laws of the State of New Jersey.

Subsequent Events

Subsequent events have been evaluated through August 31, 2017 and September 2, 2016, which are the dates the financial statements were issued.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion.

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the cash receipts and disbursements of the Operating Fund of the New Jersey Firemen's Home for the years ended June 30, 2017 and 2016, on the basis of accounting described in Note 1.

Basis of Accounting

We draw attention to Note 1 of the financial statement, which describes the basis of accounting. These financial statements are prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter. These financial statements are being presented only for the fund referred to above and do not include the cash activity and capital additions recorded in other funds of the New Jersey Firemen's Home.

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of the New Jersey Firemen's Home Employees' Pension Plan as of June 30, 2017 and 2016, and the changes in its financial status for the year ended June 30, 2017 in accordance with accounting principles generally accepted in the United States of America.

The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at Year End) and (Acquired and Disposed of Within Year), referred to as “supplemental information,” are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. Pension Protection Act of 2006

The Pension Protection Act of 2006 (PPA) was signed into law on August 17, 2006 and is generally effective for Plan Years beginning after 2007. PPA amended the Employee Retirement Income Security Act of 1974 (ERISA) under which increased responsibility had been placed on the Plan's Enrolled Actuary and the selection of the actuarial assumptions. In an attempt to strengthen the financial stability of all defined benefit plans, PPA substantially changed the way funding requirements are determined. The Worker, Retiree and Employer Recovery Act of 2008, which was signed into law on December 23, 2008, included technical corrections to PPA. The Moving Ahead for Progress in the 21st Century Act (MAP-21) was signed into law on July 6, 2012. The Highway and Transportation Funding Act of 2014 (HATFA) was signed into law on August 8, 2014. MAP-21 and HATFA contained Pension Funding Relief provisions.

The actuarial cost method (funding method) to be used to determine the Minimum Required Contribution under PPA is an unprojected unit credit cost method.

PPA prescribes the use of segment interest rates for determining the present value of benefits. These segment rates are based on the corporate bond yield curve for certain investment grade bonds that mature at three different times (less than 5 years, between 5 and 20 years, and after 20 years). Alternatively, a full yield curve can be used, if elected. PPA added the calculation of an Effective Rate which is the equivalent single rate that will produce the same accrued liability (the Funding Target) as the segment rates used for funding. PPA further prescribes the use of specific mortality tables which will be published periodically by the Secretary of the Treasury.

MAP-21 changed the method of calculating the segment interest rates resulting in a reduction in Plan liabilities and minimum required contribution. Beginning with the 2008 actuarial valuation, the prescribed assumptions will be reflected, where applicable, and revised each year.

The balance of the actuarial assumptions will continue to reasonably reflect the Plan's experience. As part of the annual report to the Internal Revenue Service, the Plan's Enrolled Actuary must prepare an "actuarial statement" which includes an opinion that these nonprescribed actuarial assumptions reasonably reflect the Plan's experience and expectations and represent the "best estimate" of anticipated experience under the Plan. No changes, other than those prescribed by law, are required at this time.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017 and 2016**

NOTE 1 (Continued)**Pension Benefits**

Participants with three or more years of participation were previously entitled to annual pension benefits beginning at normal retirement age (65) equal to \$16.67 multiplied by benefit years, not to exceed 30 benefit years, to a maximum of \$500 per month and a minimum of \$100 provided they had 10 or more benefit years. Effective July 1, 2002, a participant's normal pension benefit shall provide a monthly payment equal to \$83.33 multiplied by his benefit years up to, but not exceeding 10 benefit years, to a maximum of \$833.33. The Plan permits early retirement at age 55 with a minimum of 10 years of service. Participants may elect to receive their pension benefits in the form of a joint and survivor annuity. If participants terminate before rendering 5 years of service, they forfeit the right to receive the portion of their accumulated plan benefits. Effective July 1, 2005, normal retirement date has been amended to be the first of the month after the age 62 (from 65) and the later completion of three years of plan participation.

Death Benefits

If a participant dies before benefits commence, but after the interest in the Accrued Benefit has become vested to some extent, his/her Spouse shall receive the survivor annuity benefit which would have been payable if the participant had elected to receive the Standard Annuity commencing the day before death, or, if the participant had not yet reached the earliest retirement age under the Plan, the benefit which would have been payable based on the actual Accrued Benefit but assuming that the participant had survived to the earliest retirement age under the Plan, had elected to receive the Standard Annuity, and had died on the following day, subject to the same actuarial reduction normally applicable on account of the commencement of benefits before the Normal Retirement Date. The Administrator may pay the Spouse, in lieu of monthly payments, a lump sum which is the Actuarial Equivalent of the survivor annuity, provided the lump sum is less than \$5,000.

If the participant dies before benefits commence while in active service, but after Normal Retirement Date, the Spouse, if any, shall receive the survivor annuity benefit which would have been payable assuming that the participant had elected to receive the Standard Annuity, and had died on the following day.

If the participant dies after benefits commence, any remaining benefits under the Standard Annuity or the alternative benefit form, if any, that was elected shall be paid to the Spouse or other Beneficiary, as the case may be.

Disability Benefits

If Service is terminated by Disability, the participant shall be eligible to receive a Disability Pension Benefit. The Disability Pension Benefit shall provide monthly payments of an amount such that the benefit is the Actuarial Equivalent of the Accrued Benefit at termination. If the participant is disabled, he/she may not elect to receive an alternative form of benefit other than the Standard Annuity. Disability Pension Benefits shall begin on the first day of the month following the fifth full calendar month of Disability, and shall end only if Disability ends before the Normal Retirement date. A participant will not be considered disabled unless he/she qualifies for disability benefits under the Federal Social Security Act or Veterans Disability Act.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisers and custodian. See note 6 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump sum distributions, that are attributable under the plan's provisions to the service participants have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated participants or their beneficiaries, (b) beneficiaries of participants who have died, and (c) present participants or their beneficiaries. Effective July 1, 2002, benefits under the plan are based on participants' benefit years multiplied by \$83.33 per year not to exceed \$833.33 per month. The benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to participant service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an actuary from BPAS Actuarial and Pension Services, LLC, and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017 and 2016**

NOTE 2 (Continued)

The actuarial assumptions used in determining the liabilities and calculating the contributions to the pension plan are as follows:

PPA Prescribed Mortality:	2017 Annuitant and Nonannuitant Mortality Tables
PPA Prescribed Segment Rates:	MAP-21 and HATFA adjusted segment rates as of July 1, 2017 to determine minimum required contribution: 1 st Segment Rate – 4.16% 2 nd Segment Rate – 5.72% 3 rd Segment Rate – 6.48 %
Effective Interest Rate:	5.73% per annum, compounded annually, calculated in accordance with PPA.
Post-Retirement Mortality:	RP-2000 mortality table
Retirement Age:	Calculations reflect an assumed retirement age of the later of age 62 or completion of three years of participation.
Asset Valuation Method:	Market Value
Form of Payment:	Life Annuity
Expense Load to Target Normal Cost:	PBGC Premium – \$8,640

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

Subsequent events have been evaluated through August 31, 2017, which is the date the financial statements were issued.

NOTE 3: FUNDING POLICY

The New Jersey Firemen's Home's funding policy is to make annual contributions to the Plan in amounts that are usually within the minimum required contribution and maximum recommended contribution as computed by BPAS Actuarial and Pension Services, LLC. The minimum required contributions were \$82,837 and \$73,076 for years beginning July 1, 2016 and 2015. The Finance Committee of the Plan sponsor elected to contribute \$250,000 and \$250,000 in plan years ended June 30, 2017 and 2016.

NOTE 4: PLAN TERMINATION

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- Benefits former participants or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable or would have been payable under plan provisions in effect at any time during the five years preceding Plan termination.
- Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. governmental agency) up to the applicable limitations (discussed below).
- All other vested benefits (that is, vested benefits not insured by the PBGC).
- All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling on the amount of an individual's monthly benefit that the PBGC guarantees. That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

NOTES TO FINANCIAL STATEMENTS

NOTE 4 (Continued)

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits and may also depend on the level of benefits guaranteed by the PBGC.

NOTE 5: INVESTMENTS

The following table presents the fair values of investments that represents 5% or more of the Plan's net assets:

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs other than quoted market prices included in Level 1 that are either directly or indirectly observable for the asset, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when level 1 or Level 2 inputs are not available.

Level 1 Fair Value Measurements

The fair value of certificates of deposit, mutual funds, corporate bonds, and money market funds is based on quoted net asset values of the shares held by the Plan at year end.

Level 2 Fair Value Measurements

The fair value of corporate bonds is based on quoted prices for similar assets in active markets.

NOTE 7: TAX STATUS

The plan obtained its latest determination letter on July 2, 2012, in which the Internal Revenue Service states that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue code (IRC). The Plan has not been amended since receiving the determination letter.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 9: ADMINISTRATIVE EXPENSES/RELATED PARTY TRANSACTIONS

Certain administrative expenses of the Plan are paid by the Operating Fund of the New Jersey Firemen's Home. For plan years ended June 30, 2017 and 2016 those expenses, consisting primarily of fees paid to actuaries and auditors, were \$30,844 and \$24,043, respectively.

PRESIDENT GUNSON: Thank you, Barry.

At this time, we will hear from the Board of Managers Chairman Cassimiro De Laurentis, Jr.

MR. DE LAURENTIS: The report of the New Jersey Firemen's Home.

Good morning, Chiefs, Delegates, Alternates, Life Members, clergy, officers of the State Association, invited guests, fellow Firefighters of the great state of New Jersey and the Guests of the Home.

Today we deliver our annual report on the affairs of the New Jersey Firemen's Home, Boonton, New Jersey for the fiscal year 1st of July, 2016 to June 30, 2017.

The New Jersey Home is special to not only the Firemen in New Jersey, it is the mission of the Firemen's Home to care for our aged and disabled Firemen.

For 100 years the Board of Managers have provided excellent care for Firemen in need.

As of June 30th, 2017, we have 56 Guests in long-term care and six in residential care for a total of 62 Guests.

Today we have 60 Guests in long-term care and six residential for a total of 66.

The Firemen's Home is annually inspected by the New Jersey Department of Health and we are considered among the best long-term residential care facility in the state of New Jersey. It has had a perfect zero deficiency from the Department of Health for the past several years. This is unmatched in the state of New Jersey.

To be eligible to become a Guest at the Home, you must have been a Member in good standing, work for one full year of a city or municipal recognized Fire Department or Fire Company. You do not have to be a Member of the local Relief Association.

The Home is eligible to accommodate both men and women Firefighters. You must meet the terms and conditions for admission. The monthly fee is \$850 per month. No application has ever been denied due to financial reasons.

We held our annual Memorial Service to honor our Guests at the Home who answered their final alarm. Family and friends of the deceased Guests were invited to attend. The Memorial Service was telecast in our house to all our Guests.

Throughout the year the Home barbecues and picnics outside. Several of the Guests attended the Giants-New England football game. We continue to hold Thanksgiving dinner for Guests and invite two of their friends.

Also, we continue our horticulture for our Guests and continue the partnership with student nurses at Berkeley College.

The nursing students perform their clinical work and studies at the Home. They are enjoying our Guests and happy to have them with us.

A number of major repairs, improvements and upgrades were made at the Home this past year. A new state-of-the-art generator has been installed to protect our Guests throughout the Home if lost power. A new call bell system was installed for the safety of the Guests. The staff of the Home has upgraded our medical director system. A new transportation vehicle has been purchased for the Guests. New equipment included lawn mowers and snow blowers. Various roof repairs have been made for our roof system. The Guests' Klondike Room was remodeled. The Home continues to hold a golf outing at Neshanic Valley Golf Course. It also was sold out thanks to all the participants and men.

Our museum continues to be amazed both to our Guests and visitors, collection finest in the state.

Many of our Firemen of our state are now aging and need to be a change. Their medical needs are different, their Board of Managers recognizes this. The Managers of the Home are dedicated to meeting the needs of the Guests.

The Board of Managers created a memory care committee to undertake a study to meet Alzheimer's disease and similar. The memory care committee is special as it includes several Members of the State Firemen's Association, including Frank Gunson and Vice President Bob Ordway.

I commend the State Association working with us for this our relationship greatly improved over the past year and we are looking forward to continuing our membership.

We invite you to the Home to meet the staff, visit with the Guests and see firsthand how the Home operates. We believe it would be worth your while and please the Guests, too.

In closing, the Board of Managers wishes success and thanks and appreciation to all Fire Companies, Ladies Auxiliaries, others that donate money to the Guests of the Home.

Also, Michael A. Kendzierski has been a Manager since 2001 from Middlesex County. He is retiring the 30th of September of 2017 as a Manager. All the Managers at the Home would like to thank him personally for all he has done for the Home.

Enjoy the rest of the Convention and have a safe trip home. God bless America, and God bless you, and God bless America.

CONVENTION BODY: (Applause.)

PRESIDENT GUNSON: Sonny, thank you.

With Mike retiring, Middlesex County will be receiving a letter probably within a week or so once we get a site for a special caucus, to have an election for unexpired term of the Manager. Letters will go out to the secretary. So everyone is made aware of it today, but the secretary will get a letter.

Final report of the Credential Committee, Charles F. Wright, Chairman.

CONVENTION BODY: (Applause.)

MR. WRIGHT: Mr. President, Executive Officers and all Executive Committeemen, our Guests at the Home and our invited guests here in the audience today.

Following is the report of the Credential Committee for Saturday, September 16th, 2017:

CONVENTION BODY: (Applause.)

PRESIDENT GUNSON: Neil, thank you.

Anything under new business?

Microphone number six.

MR. RAY: Thank you, Mr. President.

Steven Ray, Life Member, past President Relief Association, Sussex County.

Last year I stood here and asked that this Association would help with recruitment and retention of our Volunteer service. I would like to thank the Executive Committee for the help they have given us this past year.

I’d like to give a special thanks to Bergen County representative Gerry Naylis and to Secretary Jake Genovay for the amount of time they spent on the phone with me.

PRESIDENT GUNSON: Thank you.

Also just so you heard him, on our website, you heard it reported yesterday, go to the links. There are many more links out there to help you.

I know the Chaplain is going to ask that we put a link out there for us that we need help, if we should need help.

Go ahead.

MR. RAY: During this year, there's been movement, positive movement towards this goal, by the way.

State Senator Vitale introduced to the Senate a bill and Senator Oroho sponsored a bill creating a special task force on Volunteer recruitment and retention. It passed the Senate unanimously. The Assembly has not acted on this corresponding bill, the bill is AJR 47. In fact it never made it out of committee.

In early discussions I had with Democratic gubernatorial candidate Murphy, he indicated he would help as much as he can the Volunteer Service.

As you know, the Republican candidate has addressed us many times, yesterday also. In fact she gave us her cell phone number, I assume this means that she would help us also.

In Sussex County, a small committee was formed to collect ideas from the Members on what works for them for recruitment and what they would like to see benefits of being a Member.

Each county is encouraged to do the same for this committee, so when this special task force, which is heavily represented by the Volunteer Fire Service is created, we can have input at that time.

Each Member should also contact their Senator, ask them for their continued support, which they have shown, the Senators have shown.

What is very important for us is to contact their Assembly people. Many of whom are Members of our own Fire Departments. Tell them to follow suit with the senate bill.

Since elections are coming up soon, you may wish to ask the candidates about our situation, about this. Then when the new representatives are in office, contact them again, Senators and your Representatives.

So, please, remember last year you all stood with me here to show your support on this issue. Now that we have a direction, there's something that we can do.

Thank you, very much.

PRESIDENT GUNSON: Thank you.

CONVENTION BODY: (Applause.)

PRESIDENT GUNSON: Mic number two.

MR. DUFFY: James Duffy, Jr., President, Matawan Local 204, the great County of Monmouth.

I'd like to address this to James Duffy, Sr., the Memorial Committee.

Twenty-five years ago we walked into this Convention Center across the street, my very first time together. We walked out together. Today we walked in together. Today we are going to walk out together.

Fifty-three year Member of the Fire Service. I'm privileged to have followed you into the Fire Service for 43 years.

I want to thank the four previous Presidents for giving him nothing but respect, which is one for the books.

Thank you all.

PRESIDENT GUNSON: Jimmy, thank you for your comments.

Microphone number four.

MR. DUFFY: Thank you, Frank.

PRESIDENT GUNSON: Microphone number four.

MR. BALDWIN: My name is Ron Baldwin of the Montville Township Association, Morris County.

The reason I'm here to address the Delegates, the Alternates, Life Members and the Executive Board, one of our Members recently was denied admission to the New Jersey State Firemen's Home. He was told he would be a burden to the staff because they couldn't handle a level of care he needed.

He had a feeding tube and he could feed himself. But that was a burden for the staff.

And after numerous appeals, attending meetings where the Firemen's Home blocked the entrance and prevented us from getting in without walking through the rain to get to the meetings, delaying the meeting times and everything else. After all that hardship, they finally decided to bend over backwards and try to give us admission just before, unfortunately, he passed away.

And the reason why I'm bringing this up to everyone is because we were told that it's possible you can be too sick to get into the Firemen's Home. And it's been our interpretation and impression that when you get sick, you go to the Firemen's Home.

Now, the reason why is because we are proud, we are Firemen. We want to take care of ourselves. We want to be with our families. We want to do that as long as possible. And at the very end, when we need help, that's when we turn to the Firemen's Home.

So, my real question to everyone here is, you need to talk to your Board of Managers. You need to talk to your Associations. You need to talk to the Firemen's Home staff, especially Superintendent Flood, because he's more concerned about saving money than serving our Association.

CONVENTION BODY: (Applause.)

MR. BALDWIN: The Firemen's Home has 66 residents. It has a capacity of almost 100. And over 125 applications out as of the last report I heard. And there are still open beds.

With all those applications, why are people being denied?

We are here to serve our brother Firefighters not to save pennies. If the Firemen's Home needed more money, we should give them everything they need in order to take care of us. That's their whole reason for existing.

So, with this, I want to leave this to you guys, if the Board of Managers don't do anything, remove them and put someone else in who will take care of it. The same for the superintendent; Board of Managers, if you want to save your jobs, remove him and put in someone who can take care of us.

CONVENTION BODY: (Applause.)

MR. BALDWIN: With that said, thank you for your time. And I hope we can do the right thing to move forward.

Thank you, very much, and God bless America.

CONVENTION BODY: (Applause.)

PRESIDENT GUNSON: Thank you for your comments.

I can't speak for the Home. But what I can speak to is what the Officers have done this year with the special committee. As I said in my report, we have had several Associations in, unfortunately, with the same problem you encountered. We are working and they are working on looking going forward.

Unfortunately, it won't benefit you and your family. But hopefully it will benefit the rest of the Membership here going forward and having these type of illnesses be admitted to the Home.

That's all I can say on that at this point. If any of the Managers want to get up, if not, Oscar, Sonny.

I promise if we are re-elected here today, we will continue to move forward with that.

Any other comments?

Judge of Elections.

PRESIDENT GUNSON: At this time, any of the candidates wish to speak.

MR. BONACCI: Good morning.

I'd like to thank each and every one of you who came out this morning and voted, all 6,689 of our Members.

Although I walk away not your Vice President this October, 2017, I want to tell you what a wonderful experience it was and how honored I am to have participated in this election.

I met and made many, many friends throughout the state that reminded me what a great state I was born and raised in and what a wonderful country the United States of America is.

I want to thank you all again. I wish you a safe journey home. And I especially would like to thank those 2,288 people that entrusted me in that position.

I'd like to also congratulate the Members that were re-elected and I will support them throughout the year as I have done in the past.

Congratulations. And thank you.

CONVENTION BODY: (Applause.)

PRESIDENT GUNSON: I would like to thank everyone.

And we will continue to do what we are doing and hopefully we will have another successful year.

Need a motion for location –

MR. HEFLICH: Frank –

PRESIDENT GUNSON: Guys, please. Guys, ladies, give him the due respect. That's all I ask.

Thank you.

MR. HEFLICH: Frank, I'd like to congratulate you.

I'd like to thank the Firefighters who voted for myself.

I have had a great experience here, 33 years as an Officer of this great Association.

I just have one thing to say, I have a good friend, personal friend, he's a friend of every Executiveman here and of this Association, when you go home tonight say a prayer for the Executiveman from Gloucester County, Mr. McNulty. He needs all the prayers from the gentleman upstairs so he's back with us, hopefully, next year.

CONVENTION BODY: (Applause.)

PRESIDENT GUNSON: At this time, we will go to selection of holding the 2022 Convention.

MR. SPEIGEL: Dan Spiegel, City of Wildwood Firemen's Relief Association.

I make a motion to hold the 2022 New Jersey State Firemen's Convention again here in the City of Wildwood, Wildwood's Convention Center.

PRESIDENT GUNSON: Motion is made.

And there's a second?

CONVENTION BODY: (Chorus of many seconds.)

PRESIDENT GUNSON: Many seconds.

All those in favor?

CONVENTION BODY: (Chorus of ayes.)

PRESIDENT GUNSON: Ayes have it.

At this time, I'd like to remind everyone Firefighter Church Service tonight at St. Ann's Roman Catholic Church, 4:30.

Please rise for the Benediction.

REVEREND SCHAFER: Almighty God, thank You again for a beautiful weekend. And we pray now that You be with us as we travel to our home destination.

A great weekend we pray in Your holy name.

God bless.

PRESIDENT GUNSON: At this time, we are adjourned.

Have a safe trip home and enjoy the rest of the weekend, and may God bless and watch over all of us.

(Convention's Second Session Proceedings are concluded at 11:10 in the morning.)
